## July and August 2017

Creativity!

There are so many facets to explore, and because each one of us are created differently we have something new we can add.

Creativity in:

Dance, song, music, lyrics, flags, writing, storytelling, instruments, imaginations, crafts, drawing, baking, setting a table and painting to name a few things.

When we ask Holy Spirit to show us something new the possibilities are endless.

These next two months we will share some of the creative gifts God has given to us, demonstrating and activating those things.

The children will be taught that with creativity there is no perfection. That each of us are given a creative Joy, and when activated we may encounter that warm cozy feeling that comes alive in us, to give us joy. If it's important to us, it's important to God.

We will learn that the same qualities that are in God are in us, we are godlike.
